CONSERVATION CLASSIC

4TH ANNUAL GOLFING FOR CONSERVATION

THE GOLF CLUB AT STAR RANCH

TEXAS EARNED

4th Annual CONSERVATION CLASSIC

They say everything is bigger in Texas, but the truth is, Texas is still growing. Our state now boasts five of the fifteen largest cities in the country. It's easy to want this bounty and beauty. Colorado River Land Trust understands because this land is our heritage, and it is ingrained in our lifestyle. We love it here, too.

There was a time when the vast majority of Texas land was part of a farm, ranch, or forest. But today, Texas is losing its open country faster than any other state in the nation—especially within the Colorado River watershed.

To maintain the Texas lifestyle we all know and are proud of, we have to protect our home. We have to earn the right to the landscape and its traditions. That all comes with working together to conserve the land that unites us.

Right now, our land, water, and wildlife are at risk. Together, we have an opportunity to protect Texas.

We can't do this without your support. Your generous donation ensures our efforts to work with the private landowners to protect the land and water of Texas are possible. Grab your four-person team for this scramble tournament and join us at Star Ranch!
